MANAGER'S MESSAGE

*"Education is the most powerful
weapon which you can use to
change the world."*

-Nelson Mandela

Knowledge is an innate in any new creation could be of any sort found the same but only in its degree it varies, but this knowledge has to transform the creation, it never happens on its own but through one's own examination on it and that brings experience. That experience has to be shared and sharing the experience in a selfless way is the exploring of knowledge.

Education is an inspirational system that bridges two proficient entities, experience and knowledge in to one. Education is not reserved for any one particular section but meant for all. We believe all children love to learn, want to learn and are capable of learning. We believe all parents want a better life for their children and all teachers prefer motivation and achievement to apathy and failure. Nevertheless, we recognize that the complexities behind generational poverty require us to be innovative and often disruptive to make real learning possible. The Catholic Church became a way in giving education to all.

Inspired by the principles of the visionary, St. Aloysius de Gonzaga SJ, the then Archbishop Most Rev. Dr. Bernard Moras established St. Aloysius College in 2008. Since it's inception, St. Aloysius College's primary aim is to impart quality education to both young men and women, especially to the marginalized, wherein modernity and ethos are being harmoniously blended.

St. Aloysius is a wing of the Archdiocese Board of Education (ABE), and the only degree college of Archdiocese, and St. Aloysius Degree College is offering UG and PG courses with high quality of education with well trained and experienced faculty. The institution has carved a place for itself on par with other prestigious colleges in Bangalore. Shortly, the college will be opening hostel facilities for girls as well.

Education is one of the pillars that provides justice for the marginalized communities. However, providing them the resources to attain this education in its truest form is important. Thus, St. Aloysius nurtures its students in a holistic way. To thrive in the 21st century, pupil must be able to continually seek process, act on, and reflect about new information. Our radically uncertain future demands that we prepare students and education systems to adapt and be resilient to change and it's a time of preparation to face the new challenges through our system. I leave you with the sayings of Swami Vivekananda, everything is within us from belief to destiny, and

we need to believe in oneself, so in education, we need to believe in our own education to make destiny.

“Your belief will become your thoughts; your thoughts will become your action; your action will become your habits; your habits will become your character and your character will become your destiny.”

By Swami Vivekananda.

PRINCIPAL'S MESSAGE

“You become what you think about”

*“What you think, you become.
What you feel, you attract.
What you imagine, you create.”*

- Buddha

Depending on the thoughts you choose to develop and nourish, your mind is the central point which then reflects from those thoughts the world outside as you currently see it, where your past thinking may have been a product of ignorance to awareness and knowledge, upon choosing to apply this knowledge you will now begin a path to enlightenment and hence happiness that will ripple throughout all areas of your life.

You are what you think. Whatever you store in your mind and heart reflects your being. Not only does this reflect your being and your inner world but also begins to reflect in the form of your external conditions and circumstances. Plainly speaking, what you think, you are, and all this is a product of adding all your thoughts together.

When you plant a tree you know this tree grows from a seed, without the seed there would be no tree. In a similar way that is how your thoughts grow, your thoughts would simply not grow and develop without planting the seed, in even simpler terms, without the seed the thoughts could not exist.

You can decide what your seed is made out of, negative thoughts that don't help you or positive thoughts that not only help you but even go beyond. Whatever actions you take are like a flower is to the tree, or your thoughts.

Whatever feelings of happiness or affliction you have within you, those are the fruits. You can harvest good fruit or bad fruit depending on how you choose to grow it. However we grow our thoughts then, that is what we become. Our thoughts in our mind make us.

If you have negative thoughts in your mind, pain will follow you everywhere you go. If you carry on with positive thoughts, happiness and bliss will follow you like your own shadow follows you in a bright day.

You make or break yourself. In your mind you develop, build, construct the weapons used to destroy your own self, but you also develop and create the tools to build yourself a house of happiness, harmony, peace, and strength. When you make the decision to choose a path of positive thinking where you will grow and apply the new knowledge you acquire as you go along, you will reach awareness on the true excellence within yourself in a powerful and divine way.

By choosing to abuse and cultivate the path of negative thinking, you will sink yourself in a hole where you will also only drag yourself deeper and down to a very low level. Realize then, between these two examples, that you were given the greatest tool of them all, your mind, and hence are your own maker of your life. Just as someone in the first century would not have been able to describe a car and therefore have no specific word for it, we really have no specific word for what we really are yet one thing for certain is that you are not a simple piece of meat and bone. You are an energetic conscious being of love, power and intelligence and you are the master of your own thoughts and mind, you hold the key and ability to shape your destiny and world to your will, that's what we were given. It is only up to us to decide to become aware of it and use it for our own good.

As you get on-board a journey of search and investigation making use of the new knowledge and experience you gain by law it will begin to lead you in a direction where those who seek the knowledge necessary find it, and by finding it opening it. Remember that by patience, practice and on-going search will you be able to enter the door or self-discovery, and knowledge is the key.

As you strive for excellence you will find within your mind and life a great law of the universe that is just and cannot give good for bad or bad for good. Once you are aware of this knowledge, you will now look to your past to all your ignorance and how you walked blind, that your life has been and was always just, realizing that all your

past experiences and circumstances whether positive or negative were evenly handed due to your developing yet undeveloped being.

Your circumstances and results will always be in reflection to your mental condition. As you practice self-control and strive to gain knowledge of self-awareness you will soon realize that whatever thoughts flow through you will determine your results.

You are the maker of yourself; the choice is left to you. So you will be what your thought process is in all the situations of your life. May you look forward with a positive energy and repeat every day, "My life is in my Hands "I am the Boss, and the navigator of my destiny.

May God bless us all.

WEBINAR ON NATIONAL VOTER'S DAY

National Voters Day in India is observed on 25th January every year to spread awareness about the importance of voting in a democracy. St.Aloysius Degree College Centre for Post Graduate Studies, Cox Town, Bangalore, the Department of Political Science organized National Voters Observation Day on 25th January, 2022 at 11:30am on Google meet platform. The chief guests for the day was Rev.Fr.Prashanth Prem Kumar, Manager, Principal and the vice Principal conveyed the message for the students by stating that "National Voters Day "is an important event that we celebrate to make people aware of voting rights and the electoral process of India. Voting Right is an important right in any democracy. Every Citizen has the right to vote and everyone who is eligible must vote. We urge everyone to make the objective of this day a success and build a better Nation with their active participation in Indian politics.

Any Nation can achieve its goals when it is ruled by competent people and it is our duty to give power to those who are competent enough to run the country. An ideal quote said by Abraham Lincoln (16th President of USA) "The ballot is stronger than the bullet" Dr Sr.Sagayamary concluded by saying that "The ignorance of one voter in a democracy impairs the security of all "-John F Kennedy. So don't forget to cast your vote in the upcoming elections.

CELEBRATIONS AND OBSERVATIONS INTERNATIONAL WOMEN'S DAY CELEBRATION

International women's day was celebrated in the college by the Department of Social Work on 14-03-2022. The highlight of the day was the play 'Akkai' which created awareness & changed audience perception on Social issue of the inclusion of transgender. AkkaiPadmashali, the social and political activist's life was presented by Ms. Nayana Sooda, the renowned theater artist. It was a unique experiment in Indian Theater a women playing transgender role.

From past few decades many transgender's movements can be seen demanding their fundamental rights, because of loud voices from transgender community, their supporters, government Judicial System began considering the problems of transgenders and changed few laws and systems to protect their rights.

In due course transgenders also started coming to main stream of the society, but in society still there is lack of awareness and still people have miss beliefs about transgender community. Play Akkai directed & scripted by Dr. Belur Raghunandan portrayed the problems and struggles of transgenders through the story of Dr. Akkai Padmashali and called the attention of audiences or on inhuman situations they face and also creates awareness about their basic necessities for considering them as normal citizens.

Though it is an awareness play it is also filled with entertainment where the Director, Dr. Belur Raghunandan had tried to use his creativity with props and blocking with an excellent screenplay to portrayed the effects of exploitation of women and transgenders. The lyrics and melody of songs triggered the emotions of audience which is another big advantage to the play. In an entire play, he raised his voice for their rights rather than creating sympathy. Music from Rajguru and team also helps to retain audience attention and concentrate through his empathetic singing & blending the feel with background music.

The presence of Dr. Akkai Padmashali, the activist, Prof. Beluru Raghu Nandan, the director theater personality, Dr. K Sharifa, renowned writer, women's right activist and philosopher, Ms. Priya, the director of Ondede, Ms. Rakshita, state convener for Onede, Mr. Mohan Kumar, activist, Karnataka Yuva Dhvani and Ms. Nyana Sooda, the renowned theater artist gave explicit meaning to the women's day celebration.

WORLD ENVIRONMENT DAY

On the 4th June 2022 we observed World Environment Day in our college. The celebration began with students creating charts on the topic World Environment Day themed 'Only One Earth' followed by decorating the campus with posters, slogan and quotes. This year's celebration was very special and unique since we collaborated with ITC WOW. "WOW – Wellbeing Out of Waste" an initiative of ITC Limited started in 2007 in Hyderabad and in 2013 started in Bangalore with an objective to inculcate the habit of source segregation among the citizens. ITC Wow has outreached about 4 million Households, 5000 Corporate Offices, 10K Schools and Colleges pan India.

We had an initiative moment in our auditorium graced by the presence for our Principal, staff, students and two esteemed speakers form ITC WOW Mr. Jenophine Joseph, Program Officer, ITC Wow and Ms. Anuvradha, Program Coordinator, ITC Wow. The event began with a small prayer followed by a hymn by the college choir.

The event MC Deepika from III B.A introduced speakers of the day's event followed by Mr. Jenophine Joseph addressing the gather explained the students on various process and terminologies used in Solid Waste Management which was followed by Ms Anuvradha's valuable message, our responsibilities in college segregating waste and sensitive video on solid waste management.

The event was then followed by distribution of badges and mementos. It was given to Mrs.Swathi. K (Event coordinator) and to Mr.George (College Supervisor) The badges were given to the elected discipline leaders of each class. INTERNATIONAL YOGA DAY

St. Aloysius Degree College always provides ample opportunities for students to participate in curricular and extracurricular activities. On 21 June, 2022, St. Aloysius Degree College Cox Town Bengaluru celebrated International Yoga day. The word Yoga is derived from the Sanskrit root, YUJ meaning "to yoke" or "to join" it's the spiritual process of joining. Atman to Brahman or one's individual spirit of god. Yoga is etymologically related to the English word YOKE thus its means, "a setting to work" or the pursuit of a goal and can be translated as "Path"(way) or "discipline".

Yoga is a form of exercise that originated in ancient India and is practiced widely across the world today. Yoga not only enhances your physical strength but also contributes largely towards your mental health and spiritual growth. On 21st June 2015, World Yoga Day was observed for the first time across the world and has since been celebrated annually. Yoga not only keeps you fit but also has a lot of long-term benefits when you make it an integral part of your lifestyle.

Surya namaskar or sun salutation is a gesture of showing gratitude to the sun. It is a set of 12 yoga asanas which bring your body, breath and mind together. When performed in the morning, it revitalizes your body and refreshes your mind, leaves you feeling energetic throughout the course of the day. The postures can help you unwind when you perform them in the evening.

The theme for Yoga Day was 'Yoga for Humanity'. Principal Dr. Sr. Sagayamary SJT and Physical Director Mr. Chethan M.G. demonstrated the asanas to the students and staff members present for the event. Assistant Professors Dr. Itigi and Dyavappa actively participated and helped the students to perform the asanas in a correct manner.

I would like to thank our college Principal, vice Principal Fr. Vinoo Fabian, our Manager Fr. Anthony Mahendran, all the teaching and non-teaching staff and specially thanks to all the student participants. Without your support and enthusiasm this would not have been such a successful event.

STUDENT COMPETITIONS

NCC ATC [ANNUAL TRAINING CAMP]

Our vibrant NCC cadets of St Aloysius Degree College participated in the ATC [annual training camp], which was conducted from 14th to 24th June 2022.

The institutional company consisted of 11 senior division cadets and 7 senior wing cadets, total company of 18 cadets consisting of one CQMS, one Sergeant, and one Lance Corporal in our ranks. The camp was conducted in T John College, Bannerghetta. We were accompanied by our caretaker Mr. Chethan M G.

The camp was conducted for a period of 10 days. There were 600 students who were managed by 14 ANO & PI staff. During the course of 10 days we learned to do drill parade, rifle shooting, night root march, map reading, tent pitching, the most important thing we learned is to live by the motto “Unity & Discipline”.

The bonding and the time of togetherness will always be imprinted in our hearts. Our Principal paid visit to check on our performance and wished us well. The 10 days of camp moulded the cadets in discipline and ensured that they will become future citizens of India. JAI HIND!
